About Us

We Lassol Private Limited are in the field of sheet metal laser cutting, Bending and fabrication processed components suppliers for many OEM's. We are in the field for past 4 years. It is well positioned to provide exceptional service and tight tolerances so that all the sheet metal products meet our customer's expectations. Our employees are well trained in the fabrication and installation of various components.

We do CNC laser cutting for various metals like mild steel, stainless steel, aluminum, copper, brass and acrylic sheets. Our service includes cutting, Bending, Welding, Painting, Powder coating and many customized services. We provide these services using well equipped machineries and latest technology. These machines are utilized for accurate cutting in critical processes where material distortion tolerance is very low. We provide this laser cutting and fabrication service in affordable prices to our customers.

Machinery List

Machine Name	Brand	Specification
Co2 Laser cutting	Mitsubishi SR - 1 No	3.2Kw Bed size: 3000x1500mm
Co2 Laser cutting	Mitsubishi EX - 1No	MS cutting upto 20mm,SS-12mm
		Brass & copper- upto 4mm
		Aluminium upto 12mm & Acrylic upto 22mm
Bending	Hindustan Hydraulic	150 Ton 6mm-upto 3Mtrs 8mm- upto 2Mtrs
Bending	Hindustan Hydraulic	50 Ton 5mm- upto 2Mtrs
Mig Welding	Lorch	250Amps-2No
	Mecharton	250Amps-1No
	Mogora	250Amps-1No
	Toushan	250Amps-3No
Generator	Powerica Ltd.	125 Kva
Eot Crane	MM Engineering	3 Ton EOT
Mobile Crane	Escorts 13*36	13 Ton Capacity
Factory Area		14000 Sq.ft Buildup area

Our services

- * Laser cutting service
- * Bending
- * Fabrications
- * Coating and etc...

Our Group companies

- * Sabarivel Packaging
Mfrs : Corrugated boxes
- * Super CNC Component
Mfrs: Precision turning components
